**specifies** that, should the Company's shares be admitted to trading on the regulated market of Euronext in Paris, the Board of Directors must comply with the provisions of Article L. 225-197-6 of the Commercial Code in order to be able to grant free shares to corporate officers who meet the conditions set out in Article L. 225-197-1, II of the Commercial Code,

**resolves** to set at 2,274,216 shares with a unit nominal value of 0.05 euro the total number of shares that may be allocated free of charge by the Board of Directors by virtue of this authorization, it being specified that (i) the total number of shares allocated free of charge by the Board of Directors may never exceed the overall limit of 10% of the Company's existing share capital on the date of the decision to allocate them, (ii) that this number will be counted against the overall ceiling provided for in the Twenty-fifth resolution below, and (iii) the number of free shares that may be granted to corporate officers and senior managers, members of the executive committee, must be subject to performance conditions (i.e. 1/3 if the Company reaches a certain level of cash flow, 1/3 if clinical and/or regulatory target is met and 1/3 if manufacturing target is met),

**resolves** that the allocation of the shares to their beneficiaries shall be definitive, subject to the fulfilment of any conditions or criteria set by the Board of Directors, at the end of a period of at least three (3) years (the "Vesting Period") and that the beneficiaries of these shares shall, where applicable, retain them for a period set by the Board (the "Retention Period") which, together with the Vesting Period, may not be less than three (3) years, it being specified that the Board of Directors shall have the right to provide, if applicable, in the event of a change of control of the Company, for an acceleration of the Vesting Period and the Retention Period, in whole or in part, without the latter being less than one (1) year and the Retention Period combined with that of the Vesting Period being less than two (2) years,

**notes** that, in accordance with the provisions of Article L. 225-197-1 of the Commercial Code, when the allocation concerns shares to be issued, this authorization automatically entails in favor of the beneficiaries of the shares allocated free of charge the waiver by the partners of their preferential

subscription right to the new shares issued, the corresponding capital increase being definitively completed by the sole fact of the definitive allocation of the shares to the beneficiaries,

**notes** that this decision entails, insofar as necessary, the waiver by the partners in favor of the beneficiaries of free shares of the part of the reserves, profits or premiums which, if applicable, will be used in the event of the issue of new shares at the end of the Vesting Period, for the realization of which all powers are delegated to the Board of Directors,

**delegates** to the Board of Directors all powers to:

- record the existence of sufficient reserves and transfer the sums necessary to pay up the new shares to be allocated to an unavailable reserve account at the time of each allocation,
- determine the identity of the beneficiaries of the grants as well as the number of free shares which may be granted to each of them,
- set the conditions and, if applicable, the criteria for the allocation of these shares,

if applicable:

- decide, at the appropriate time, on the capital increase(s) corresponding to the issue of any new shares allocated free of charge,
- acquire any shares necessary to remit any existing shares allocated free of charge,
- take all appropriate measures to ensure compliance with the retention obligation required of beneficiaries,
- and, in general, to do all that is necessary to implement this authorization within the framework of the legislation in force,

**specifies** that the Board of Directors may, within the limits it has previously set, sub-delegate the powers granted to it under this resolution, in accordance with the applicable legal and regulatory provisions,

**resolves** that the Board of Directors will inform the General Meeting each year of the transactions carried out under this resolution, in accordance with the provisions of Article L. 225-4 of the Commercial Code.

**sets** the period of validity of this delegation at twelve (12) months as from today,

**specifies**, as necessary, that this delegation of powers supersedes any authorization previously granted for the purpose of allocating free shares in the Company.

**delegates** to the Board of Directors, with the right to delegate and subdelegate under the legal conditions, the power to grant a maximum number of 112,000 ordinary share subscription warrants (the "SSW"), each giving the right to subscribe for one ordinary share in the Company, to which shall

be added, if applicable, the nominal amount of additional shares to be issued to preserve, in accordance with applicable law and contractual provisions, the rights of holders of securities and other rights giving access to shares in the Company.

**resolves** that the issue price of an SSW shall be determined by the Board of Directors, if necessary with the assistance of an independent expert, on the day of issue of said SSW according to the characteristics of the latter and shall be at least equal to 5% of the average price of a share of the Company, weighted by volumes, on the market(s) on which the Company's shares would then be listed, during the last five (5) trading sessions prior to the date of granting of the said SSW by the Board (rounded up to the next euro cent if necessary),

**resolves** to cancel, for these SSW, the shareholders' preferential subscription right, as these SSW can only be allocated to the following category of beneficiaries: (i) of members of the Board of Directors of the Company in office at the date of grant of the SSW who are not employees or officers of the Company or any of its subsidiaries or (ii) persons who are bound by a service or consultancy contract to the Company or any of its subsidiaries or (iii) members of any committee that the Board of Directors has established or may establish who are not employees or officers of the Company or any of its subsidiaries (the "Beneficiaries"),

**resolves**, in accordance with the provisions of Article L. 225-138-I of the Commercial Code, to delegate to the Board of Directors the task of determining the list of Beneficiaries for the above-mentioned categories and the portion of the SSW allocated to each Beneficiary so designated,

**resolves** that as long as the Company's shares are listed in France and/or abroad, the exercise price of a warrant, which will be determined by the Board of Directors at the time of allocation of the warrants, must be at least equal to the highest of the following values (i) the last known closing price of a share of the Company on the market(s) on which the shares of the Company would then be listed on the date of grant of the said SSW by the Board of Directors and (ii) the volume-weighted average price of a share of the Company on the relevant market(s) during the 20 trading days preceding the date of grant of the said SSW (rounded up to the next Euro cent as necessary),

consequently **authorizes** the Board of Directors, within the limit of the foregoing, to issue and allocate the SSW, on one or more occasions for each Beneficiary,

**resolves** to delegate to the Board of Directors for each Beneficiary, the terms and conditions for exercising the SSW and, in particular, the issue price of the SSW, the Exercise Price and the schedule for exercising the SSW, it being specified that (i) the SSW may, if applicable, be exercised immediately upon their issuance, provided that they have been subscribed for by their beneficiary, (ii) the SSW must be exercised at the latest within ten (10) years of their issuance; the SSW that have not been exercised by the end of this ten (10) year period shall automatically lapse,

**resolves** that the ordinary shares so subscribed shall be fully paid up upon subscription, either by cash payment or by set-off against liquid and due claims,

**resolves** that the new shares delivered to the Beneficiary upon exercise of its SSW will be subject to all provisions of the Bylaws and will carry dividend rights on the first day of the financial year during which they are issued,

**resolves** that the SSW will be transferable. They will be issued in nominative form and will be registered in an account,

**resolves** to issue a maximum of 112,000 ordinary shares to which the exercise of the issued SSW will give the right, representing an increase of a maximum nominal amount of 5,600 euros,

**specifies** that, pursuant to the provisions of Articles L. 228-91 and L. 225-132 of the Commercial Code, the present decision entails the waiver by the shareholders to the benefit of the SSW holders of their preferential subscription rights for the ordinary shares to which the SSW give right,

**recalls** that in application of in Article L. 228-98 of the Commercial Code:

- in the event of a capital reduction motivated by losses through a reduction in the number of shares, the rights of the holders of SSW as to the number of shares to be received upon exercise of SSW will be reduced accordingly as if the said holders were shareholders from the date of issue of the warrants;
- in the event of a capital reduction motivated by losses through a reduction in the nominal value of the shares, the subscription price of the shares to which the warrants entitle the holder will remain unchanged, with the issue premium being increased by the amount of the reduction in nominal value;

further **resolves** that:

- in the event of a capital reduction not motivated by losses by way of a reduction in the par value of the shares, the subscription price of the shares to which the SSW entitle the holder will be reduced by the same amount;
- in the event of a capital reduction not motivated by losses through a reduction in the number of shares, the holders of the SSW, if they exercise their SSW, will be able to request the repurchase of their shares under the same conditions as if they had been shareholders at the time of the Company's repurchase of its own shares;

**resolves**, as provided for in Article L. 228-98 of the Commercial Code, that the Company is authorised, without having to seek the authorization of the holders of the SSW, to modify its form and corporate purpose,

**recalls** that pursuant to the provisions of Article L. 228-98 of the Commercial Code, the Company is authorised to modify the rules for the distribution of its profits, amortize its capital and create preference shares entailing such modification or amortization, subject to taking the necessary steps to maintain the rights of holders of securities giving access to the capital under the conditions defined in Article L. 228-99 of the Commercial Code,

**authorizes** the Company to require holders of the SSW to repurchase or redeem their rights as provided for in Article L. 208-102 of the Commercial Code,

**resolves** to give full powers to the Board of Directors to implement this delegation, in order to:

## OVERVIEW

### YEAR ENDING DECEMBER 31<sup>st</sup> 2020

Collectis S.A. (or "Collectis", the "Company" or "us") is incorporated as a *société anonyme*, or S.A., under the laws of the French Republic. Our principal executive offices are located at Paris.

We are a clinical stage biotechnological company, employing our core proprietary technologies to develop best-in-class products in the field of immuno-oncology. Our product candidates, based on gene-edited T-cells that express chimeric antigen receptors, or CARs, seek to harness the power of the immune system to target and eradicate cancer cells. We believe that CAR-based immunotherapy is one of the most promising areas of cancer research. We are designing next-generation immunotherapies that are based on gene-edited CAR T-cells. Our gene-editing technologies allow us to create allogeneic CAR T-cells ("UCART"), meaning they are derived from healthy donors rather than the patients themselves. We believe that the production of allogeneic CAR T-cells will allow us to develop cost-effective, off-the-shelf products that are capable of being cryopreserved, stored and distributed worldwide. Our gene-editing expertise also enables us to develop product candidates that feature certain safety and efficacy attributes, including control properties designed to prevent them from attacking healthy tissues, to enable them to tolerate standard oncology treatments, and to equip them to resist mechanisms that inhibit immune-system activity.

In addition to our focus on immuno-oncology, we are exploring the use of our gene-editing technologies in other therapeutic applications.

We also own 56.1% (as of March 31, 2022) of Calyxt, which is a plant-based synthetic biology company that leverages its proprietary PlantSpring™ technology to engineer plant metabolism to produce innovative, high-value plant-based chemistries for use in customers' materials and products.

Our ordinary shares have been traded on the Euronext Growth market of Euronext in Paris since February 7, 2007 and our ADSs have traded on the Nasdaq Global Market in New York since March 30, 2015.

In March 2021, Collectis has filed a prospectus supplement with the Securities and Exchange Commission (SEC) relating to an At-The-Market (ATM) Program, pursuant to which it may offer and sell to eligible investors a total gross amount of up to \$125 million of American Depositary Shares ("ADS"), each ADS representing one ordinary share of Collectis, from time to time in sales deemed to be an "at the market offering" pursuant to the terms of a sale agreement with Jefferies LLC. In April 2022, Collectis has completed sales of approximately \$47 million of ADS pursuant to the ATM Program. In these ATM sales, an aggregate of 2,415,630 new ADSs and the same number of underlying new ordinary shares have been issued to existing and new investors at an at-the-market price of \$19.50 per new shares.

The financial statements of the Company for the financial year ended December 31, 2021 include Collectis and its three subsidiaries located in the United States, Collectis, Inc., Collectis Biologics, Inc. and Calyxt, Inc. (the "Group").

## **Group activity over the year ended December 31, 2020**

### **Clinical Trials**

#### **BALLI-01 (evaluating UCART22) in relapsed or refractory B-cell acute lymphoblastic leukemia (r/r B-ALL)**

UCART22 is an allogeneic CAR T-cell product candidate targeting CD22 and being evaluated in patients with r/r B-ALL in the BALLI-01, multicenter, dose escalation clinical study.

In December 2021, the Company reported preliminary results from the FCA arm of the BALLI-01 study of UCART22, for patients with r/r B-ALL at the 63rd Annual Meeting of the American Society of Hematology (ASH 2021).

Overall, UCART22 after FCA lymphodepletion regimen demonstrated promising signs of anti-leukemic activity at Dose Level 2 (DL2) and Dose Level 2 Intermediate (DL2i), without unexpected or significant treatment-related toxicity. The preliminary data shows that adding alemtuzumab to the fludarabine and cyclophosphamide (FC) lymphodepletion regimen did not adversely affect the overall safety profile and sustained host lymphocyte suppression and promoted expansion of UCART22.

#### **AMELI-01 (evaluating UCART123) in relapsed or refractory acute myeloid leukemia (r/r AML)**

UCART123 is an allogeneic CAR T-cell product candidate targeting CD123 and being evaluated in patients with r/r AML in the AMELI-01, multi-center dose-escalation clinical study.

#### **MELANI-01 (evaluating UCARTCS1) in relapsed or refractory multiple myeloma (r/r MM)**

UCARTCS1 is an allogeneic CAR T-cell product candidate targeting CS1 and is being evaluated in patients with r/r MM in the MELANI-01, multi-center dose-escalation clinical study.

In May 2021, early preliminary data from the first patients enrolled in the MELANI-01 trial were presented at the American Society of Gene and Cell Therapy (ASGCT) 24th annual meeting. The data validated CS1 as a target for allogeneic CAR T-cells in r/r MM. Moreover, UCARTCS1 expansion and persistence was observed and correlated with changes in relevant serum cytokines and with anti-myeloma activity.
